☒ I received and understand the contents of the handout from Internal Review.

☒ Internal Reviewer PTS has informed me I am being interviewed concerning HP clients, (lockers)

Statement
(Please print clearly)

I was advised my xtra lockers were searched. Regarding the lock on my large locker the combination to the lock was written on the wall next to the wooden locker so I would not forget it. Regarding the contents to the locker I haven't been in my locker for a while and it contained food, clothes and my personal medication. The medications found were mine except the hydrocodone, which were not mine. Regarding 2 small lockers with yellow locks at EL also they are my lockers. I keep those keys (locks) in my car keys and did not give keys to anyone else.

I have read this statement, consisting of this page and _____ other attached pages. This statement is true and correct to the best of my knowledge. Neither threats nor promises have been directed to me. I understand this statement may be used as evidence in the investigation of the above noted incident, as well as others, and may be used in formal hearings and/or court proceedings. I have initialed each page, and dated and signed below.

 Regarding keys found in the lower locker. I did not put them there. Regarding keys found in my back locker hanging on a hook are not mine. The additional locker which the keys fit is also not mine. I called Cathy to notify her about what was going on at my work just to talk to somebody because I was close to her. I frequently had contact with my renters who paid me the cash found in my locker. I have landlord/tenant issues with these people. These renters have left the property I have not been into these trailer for quite sometime and I do not keep personal property there. Marcus triple was a teenager whose family lived there after these renters left Betty went and cleaned trailer.

I believe my ongoing conflict with ground yard staff has resulted in these allegations. I also feel I am being setup and sabotages are being plotted to get rid of me. Staff (baseline) ^{advised me that time} (ucero was going around asking staff to make false allegations and make incident reports on me so I could be removed from my position as a supervisor.
